In September 2017, the Bird Endowment, Asociación Armonía, and American Bird Conservancy established the "Laney Rickman Blue-throated Macaw Fund." Donations provide vital financial backing to continue long-term support for the Nido Adoptivo™ nest box program as well as habitat conservation and reserve management as needed to save the Blue-throated Macaw. American Bird Conservancy (www.abcbirds.org) conserves native birds and their habitats throughout the Americas by safeguarding the rarest species, conserving and restoring habitats, and reducing threats while building capacity of the bird conservation movement. ABC is a 501(c)(3) not-for-profit membership organization that is consistently awarded a top, four-star rating by the independent group, Charity Navigator.

NOTE: A MATCHING CAMPAIGN is underway with the total of all donations up to \$100,000 matched 1:1 until 12/31/2018.

Thank you!
